**Let's Play,
Little Bugs**

(Rap)

Come, little ants
Let's go out and play
Go out after breakfast
Have some fun today!

No, big ant
We can't because we're busy
We've got to go to work
And then we have to study

Come, little bees
Let's go out and play
Go out after lunch
Have some fun today!

No, big bee
We can't because we're busy
We've got to go to school
And then we have to study

Come, little beetles
Let's go out and play
Go out after dinner
Have some fun today!

No, big beetle
We can't because we're busy
We've got to go for art class
And then we have to study

Here's a rec-tan-gle. How can you tell? It has four sides and two sides are wide.

It happened on Mon-day, Mon-day, Mon-day. It happened on Mon-day, E-than lost his way.

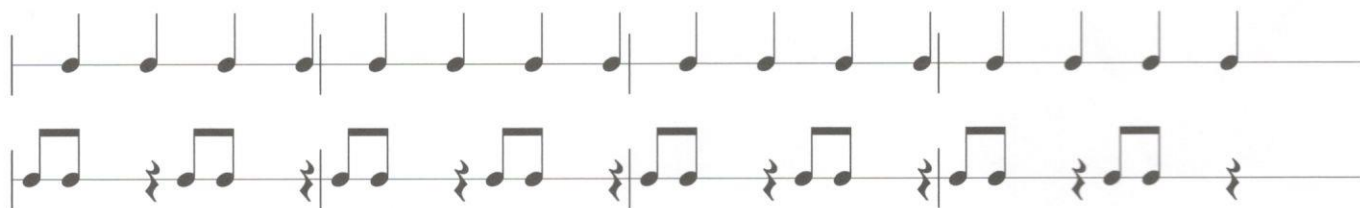

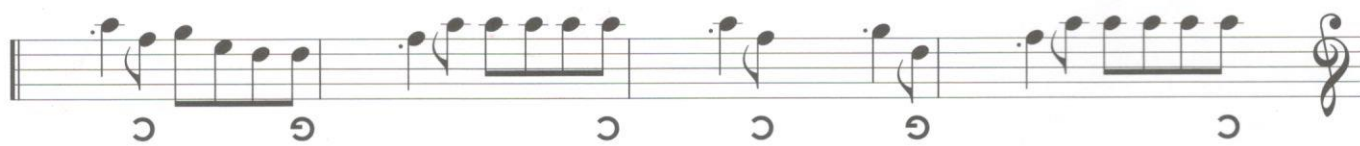

He asked a big red car, red car, red car. He asked a big red car, "Which is the way to the zoo?"

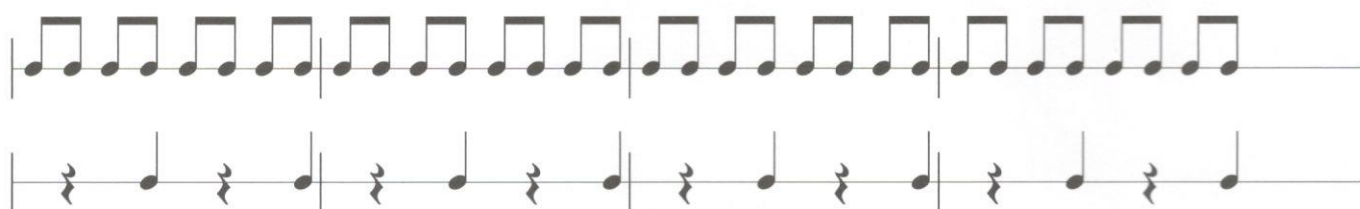

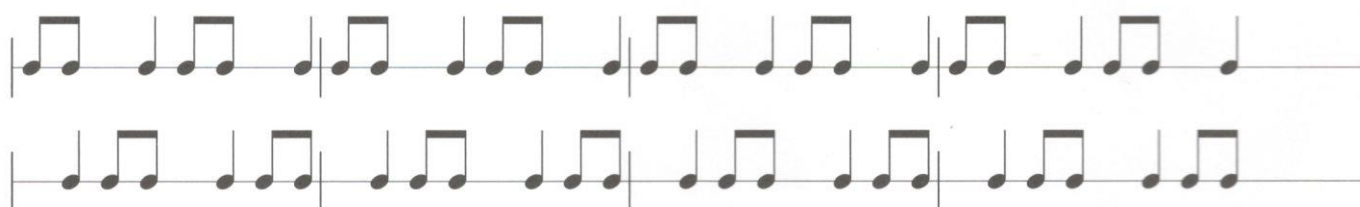

The blue truck said to turn left, turn left, turn left. The blue truck said to turn left. That's the way to the zoo.

He asked a big blue truck, blue truck, blue truck. He asked a big blue truck, "Which is the way to the zoo?"

A-gain on a Tues-day, Tues-day, Tues-day. A-gain on a Tues-day, E-than lost his way.

The red car said to go straight, go straight, go straight. The red car said to go straight. That's the way to the zoo.
