2 *War Horse* is a play at the theater about a horse named Joey during the war. The horse looks amazing on stage and also

it's a really interesting story. My only negative comment is the music. It sounded very loud.

3 *Digital Hero II* is a new computer game. The graphics on the screen look modern, but I felt a little bored at times playing it. I think that's because it isn't very different to *Digital Hero I*.

Hi!
 I've booked my tickets and I'm arriving on the 21st! Before I arrive at your house, I'm going to travel around the country. Should I rent a car or go by public transportation? Also I'm going to spend some time in the capital. What should I see there? And should I book my hotel in advance? Can you give me any advice? Oh! And what's the weather like? Is it cold? Should I bring lots of clothes?
 See you soon!

Mike

7

Example answer:
 Dear Mike,
 I'm really happy that you're coming! Here is my advice:
 When you travel around the country, you should go by public transportation because it's cheaper than renting a car and there are lots of buses and trains.
 In the capital city, you should see the parliament buildings and the old castle.
 For hotels, I think you should book a room online. It's very easy.
 At the moment the weather is very cold, so you should bring a warm coat!
 See you soon!

Kamchatka is a region in eastern Russia. It's about as big as California, but only half a million people live there. A lot of the area is unexplored, and there aren't many roads. Also, it has more than 300 volcanoes. It's a good place for animals, and it has many brown bears. Different types of salmon live in the rivers.
